

### David Weisman – President and CEO, and Board of Managers

Mr. Weisman has been involved in the wireless industry for more than 25 years as an attorney, investor, and executive. He was most recently founder, President and CEO of Mountain Union Telecom, LLC, which was sold to Crown Castle International in 2006. Prior to founding Mountain Union Telecom, LLC, Mr. Weisman was Of Counsel to the law firm of Shulman, Rogers, Gandal, Pordy & Ecker of Rockville, Maryland, and prior to that, a principal in the Washington, DC law firm of Meyer, Faller, Weisman & Rosenberg. He has lectured and written extensively on matters involving telecommunications and corporate law. Mr. Weisman received his law degree from the George Washington University National Law Center with honors, an LL.M in taxation from The George Washington University National Law Center, and is a graduate of Brown University. He is admitted to the Bars of the District of Columbia and the State of Maryland, and is a member of the Federal Communications Bar Association and the American Bar Association. Mr. Weisman is a member of the Board of Directors of the Personal Communications Industry Association (PCIA), the Foundation for International Community Assistance (FINCA), and the Parkmont School in Washington, DC, and is a past Director of the Abigail Adams National Bank in Washington, DC and of the Radio Club of America, Inc.

### Lance Cawley – Chief Financial Officer

Mr. Cawley was most recently CFO of Mountain Union Telecom, LLC and has more than 20 years of finance, operations, management, and accounting experience, including serving as CFO of six venture-backed companies. Previously, he was CFO of Qovia Inc. (sold to Cisco Systems, Inc.), Ipredia International, WebPerfect Solutions, and GO Communications. In addition, he was VP of Fidelity Capital where he served as President of MetroRED Telecom Group Ltd. and was on the board of directors of Pittencrief Communications, Inc. (Nasdaq: PITC). Mr. Cawley was also VP of the Schelle Cellular Group and American Personal Communications (sold to Sprint). He holds a B.S. in business administration from Washington & Lee University, an MBA in Finance from Loyola (MD), and is a licensed CPA.

### Board of Managers

#### John Campbell

Mr. Campbell's experience in the wireless communications business began in 1992 when BC Group, a company he owned in the U.S. Virgin Islands, began building cell towers. The business grew and expanded to Puerto Rico, where in addition to acting as a contractor, Mr. Campbell and his partner began building their own towers for lease to carriers under the name of Puerto Rico Tower Company. Subsequent to selling Puerto Rico Tower Company to Mountain Union Telecom, LLC in 2000, Mr. Campbell moved to Idaho where he and his wife started Idaho Tower Company, LLC. After six years, Idaho Tower was purchased by InSite Towers, LLC. Mr. Campbell has built over 400 towers in the Caribbean and in Idaho, holds a patent for a co-ax block, and continues to be an owner of Idaho Tower Construction Company. He holds a B.A. from Williams College, and is a registered architect and a private pilot.

#### Todd Clapp

Mr. Clapp, a Partner at Catalyst Investors, is responsible for originating and executing investment opportunities in the internet infrastructure, online media, business services, and communications sectors. In addition to InSite, he is currently a director of Managed Data Holdings, LLC and Catalyst Repository Systems, and oversees Catalyst's investment in Denali Spectrum Manager. Prior to joining Catalyst in 2003, Mr. Clapp was an investment professional at Lightyear Capital, a private equity firm focused on the financial services industry. He previously worked as an Associate at UBS/PaineWebber in the Principal Transactions Group, which invested in and managed a multi-billion dollar portfolio of private equity and alternative investments on behalf of the firm and clients. He holds a B.A. from McGill University and an MBA from Columbia University's Graduate School of Business where he graduated with honors as a Beta Gamma Sigma scholar.

### **Warren Harkins - Vice President of Development, InSite Towers, LLC**

Mr. Harkins was founder and President of Vanguard Wireless, LP from its inception in 2002 until its sale to InSite Towers, LLC in March 2009. Mr. Harkins founded Titan Tower, LP in 1997 and was President until its sale to Global Tower Partners in 2005, at which time Titan owned 320 Towers. From 1995 to 1996, Mr. Harkins was a principal in Prime Communications Sites, LLC which acquired and constructed 154 towers sites and was sold to American Tower Corporation in 1996. Furthermore, Mr. Harkins was founder and served as President and Chairman of Pittencrieff Communications, Inc. from 1982 to 1996 until its sale to Nextel in 1996. He has a M.S. in Public Administration from Golden Gate University, a B.A. from the University of Oklahoma, and served as a major in the U.S. Air Force Titan II ICBM missile command.

### **James P. Hynes**

Mr. Hynes is Chairman of the Board of Neutral Tandem, Inc., a Chicago-based provider of tandem interconnection services to competitive carriers including wireless, cable telephony, and VoIP companies. Mr. Hynes was on the Board of Managers of Mountain Union Telecom, LLC until its sale to Crown Castle International. Active in the industry for 30 years, Mr. Hynes directed the establishment of COLT Telecommunications in Europe in 1992. As Chairman of the Board, he led COLT's initial public offering in 1996. Mr. Hynes established MetroRED Telecom Group Ltd. in South America and Mexico, as well as KVH Telecom in Tokyo. Concurrent with taking on these operating roles, he was Group Managing Director at Fidelity Capital for 10 years. Mr. Hynes previously held senior positions with Chase Manhattan, Continental Corporation, Bache & Co., and New York Telephone. He has an MBA from Adelphi University and a B.A. and Doctorate (honorary) from Iona College.

### **David Mayer**

Mr. Mayer was formerly EVP of Corporate Development for One Communications, one of the nation's largest competitive local exchange carriers. In his capacity at One Communications, Mr. Mayer was responsible for initiating, reviewing and negotiating acquisitions and divestitures, and negotiating strategic partnerships. He was also in charge of overseeing the company's regulatory affairs function, which included lobbying with federal and state legislators and agencies, and coordinating the company's involvement in litigation and administrative proceedings. From 1999 through 2006, Mr. Mayer was General Counsel and EVP of Business Development at Conversent Communications and FiberNet, LLC. Until 1999, Mr. Mayer was a lawyer in private practice devoted primarily to the communications business, representing clients in the finance, cable television, broadcasting, and communications industries. He has a B.A. degree from Yale University and earned his law degree from the University of Texas.

### **Anthony Sabatino**

Mr. Sabatino has more than 25 years experience in engineering and management, specializing in telecommunications, mergers and acquisitions, business development, construction, radio frequency (RF) engineering, system design, and project management. He currently acts as an advisor to several wireless carriers on future technologies and advanced wireless services and is also on retainer with Sprint Nextel. Prior to the purchase of Alamosa PCS by Sprint Nextel, Mr. Sabatino was Alamosa's chief technology officer. He was the national RF engineering director and also served in a dual role for new product development for Sprint PCS. Mr. Sabatino holds a M.S. in electrical engineering from LaSalle University and a B.S. in electrical engineering and computer engineering from the University of Kansas. He has several patents pending, and his most recent patent was issued in May 2004 for an antenna for air-to-ground communication (U.S. Patent Number 6,735,438).

### Chris Shipman

Mr. Shipman, a Partner and Co-Founder of Catalyst Investors, has been financing and investing in companies in the wireless sector since the early 1990s. In addition to managing Catalyst's investment in InSite, he was a founding investor and board member of TCP Communications, a tower company formed in 2001 which was sold to Global Tower Partners. He was also responsible for recent wireless spectrum investments including Oneida Communications Group and Aloha Partners, which were sold to Sprint and AT&T, respectively. He currently serves on the board of web hosting provider Codero.com. Prior to co-founding Catalyst, Mr. Shipman was a co-founder of TD Capital where he was responsible for overseeing a portfolio of equity investments in the media and telecommunications sectors. He received an M.A. and a B.A. in economics from Boston University, and an MBA from the UCLA Anderson School of Management.
